LEADING MANUFACTURERS OF AROMATIC CHEMICALS IN INDIA

We introduce ourselves as the leading manufacturer & exporter of Aromatic Chemicals, especially Nerolin Yara Yara of 40 tons per month manufacturing capacity for discerning buyers around the world.

Based in Belgaum, Karnataka, India & since our establishment from 2000, factory constructed in 1 acre land of K.I.A.D.B with well equipped machineries & a laboratory as our company has believed in QUALITY FIRST & hence sourcing of the products is based on "Prevention Is Better Than Cure" theory, which enables to forecast all unseen problems & maintain the high-quality standards for which we have attained a respectable position in national & international market.

The main motto of our organization is to provide maximum satisfaction to the client's by supplying best quality product in best prices & in right time & also as a reckoned manufacturer; our products are manufactured as per international quality standards.

Today 90% of our sales are supplied to multinational companies in India & abroad & this is only the beginning.

CERTIFICATION

PRODUCTS

◆ NEROLIN YARA YARA

SPECIFICATION

CAS No.	93-04-9
Synonyms	2 Methoxynaphthalene, Beta Naphthyl Methyl Ether
Formula	C11 H10 O
Molecular weight	158.1965000 (IUPAC)
Appearance	White crystalline flake
Assay	99.00 to 99.98 %
Melting point	72.00 to 76.00 °C
Boiling point	274.00 °C.
Congeaing point	71.50 °C
Soluble in	Alcohol
Insoluble in	Water
Storage	Store in cool and dry place in tightly sealed containers, Protected from heat & light.

◆ PARA-CRESYL PHENYL ACETATE (PCPA)

SPECIFICATION

CAS No.	101-94-0
Synonyms	2-phenylacetate Para-cresyl alpha-toluate, (4-methylphenyl) 4-methyl phenyl benzene acetate
Formula	C15 H14 O2
Molecular weight	226.27
Appearance	White crystalline powder
Assay	99.00 to 99.90 %
Melting point	74.00 to 76.00 °C
Boiling point	310.00 °C
Congeaing point	73.70 °C
Soluble in	Alcohol
Insoluble in	Water
Storage	Store in cool and dry place in tightly sealed containers, Protected from heat & light.
